APRIL 2026 | LIVELIHOOD SUPPORT

One sewing machine. A new opportunity to earn.

A woman in Udayarkaddu received a sewing machine, helping her use her skills to earn an income and support her family.

A young boy with dark skin and short dark hair is sitting on a concrete floor, focused on playing with colorful plastic building blocks. He is wearing a short-sleeved shirt with a black, white, and red geometric pattern and white shorts. His hands are actively engaged with the blocks, which include orange, blue, yellow, and green pieces. Some blocks are already assembled into small structures, while others are scattered around him. To his right, a black bag is partially visible on the floor. The background is slightly out of focus, showing more of the floor and some indistinct shapes.
